

MT. STERLING ADVOCATE.

VOLUME XXXI.

MT. STERLING, KENTUCKY, TUESDAY, MAY 23, 1922.

NUMBER 63.

Circuit Court

Now in Session

Montgomery County Circuit Court convened here yesterday with Judge Henry R. Prowitt on the bench, and Hon. C. W. Nesbitt, acting as Commonwealth's Attorney in the absence of Attorney W. C. Hamilton. The juries were empaneled and are as follows:

Grand Jury—W. F. Horton, Mason Young, Alonzo May, F. D. Richardson, J. K. Whitt, Mrs. Willis Henry, Mrs. Jennie Thomson, Mrs. Jeff Cooper, F. T. Bean, Walter Quisenberry, Matt Ford and James Welsh.

Petit Jury—F. M. Fortune, J. P. Hardin, W. A. Wells, B. M. Goodan, Mrs. D. C. Fox, F. E. Dean, W. H. Haydon, Steve Pieratt, E. B. Ensor, Woodson Jacobs, J. W. Baber, L. T. Willis, J. W. Barnes, Leslie Hendricks, Mrs. Bluford Welsh, C. B. Stephens, Willard McGuire, Isom Osbourne, C. B. Hainline, Mrs. Lester Lee, W. D. Henry, S. B. Carrington, Milt Kincaid and John L. Coleman.

Hon. Chas. D. Grubbs has been appointed acting Commonwealth's Attorney to act in the two murder cases to be heard in this court, that of the Commonwealth against H. G. Wells, under indictment for killing Henry Burgess, and Millard Martin, charged with the murder of William Martin. In each of these cases Attorney Nesbitt had been employed by the defense, necessitating the appointment of another acting Commonwealth's Attorney.

Jack Winn was sworn in as a practicing attorney yesterday before Judge Henry R. Prowitt.

The statutes prescribe the Circuit Judge's charge to the grand juries, but on Monday the Judge took more latitude. After reciting with emphasis the statutes he said: "Gentlemen I want to call your attention especially to the prohibition question. From my observation as a Circuit Judge I declare to you that more crimes are directly due to the use of whiskey than any other means, that at least 95 per cent. of all crime depredations are due to this source and I therefore urge you to remember your oath and that you see to it that your duty relative to the manufacture and sale of intoxicants is fully discharged. Prohibition laws must be enforced, it matters not who violators may be."

We are not attempting to give Judge Prowitt's language but in substance.

MARRIED FIFTY YEARS AGO

T. K. Barnes and Miss Sue Martin were married fifty years ago the 15th of this month. There may be some of the older people of other states and former residents of this county who would ask who Kelly Barnes is. He is a son of the late Robert Barnes and for many years has been a leading retail grocer of Mt. Sterling, and continuing an active merchant with his sons, Robert and John, his partners. His wife, Miss Sue Martin, of Clark county, is in good health, is a most exemplary wife and mother. She is a character of love, a real mother in Israel.

See The Advocate for printing

ALMOST SERIOUS

Stewart McCormick who has been at home for a while suffering from an attack of lumbago, came near being seriously hurt yesterday morning. He was feeling very much improved and had gone to J. W. Chenuault's, a nearby neighbor, and climbed a ladder into a cherry tree, laden with ripe delicious fruit, and stepping from the ladder onto a limb it gave way and he fell a distance of nearly 12 feet, lighting on his feet, but the shock aggravated his lumbago trouble and is causing him intense pain. His doctor thinks he will have him out in a few days.

Save money by having broken machinery, stoves, tools, etc., welded at Montgomery Motor Co.

W. H. THOMAS SELLS FARM

W. H. Thomas sold Saturday at public auction, his farm of 180 acres, on the Owingsville pike, known as the Mose Lewis place. The purchasers were a Mr. Willis, of Powell county, and Dorsey Ratliff, and the price paid for the property was \$240.25 per acre. The improvements on the place are a ten room residence, a large tobacco barn, tenant houses and other buildings. The sale was attended by a large crowd, and was conducted by Aubrey A. Fowler.

Just received a new lot of Ladies and Misses Black Patent Leather and White Canvas Pumps, flat and Cuban heels.—R. E. PUNCH CO.

DIES IN BEREIA HOSPITAL

Lawson Hockaday died Monday at a hospital in Berea aged 52 years, from blood poison.

He was a brother of Walter Hockaday of this city who was with him when the end came. He will be buried in Richmond Cemetery this afternoon. Clarence Barnes and Robert and William Hockaday attended the last sad rites.

FOR WOMEN

Special Sale of Hosiery Hose. This week \$2.50 qualities cut to \$1.75.—THE WALSH CO.

SELLS NICE FARM

F. M. Lockridge has sold to a Mr. Bush, of Torrent, his farm of about 55 acres, located near Spencer Station and highly improved, at \$200 per acre, and is considered well worth the money.

Mazola oil 35s the can at Vanard's.

MRS. TIPTON ELECTED

Mrs. Robert E. Tipton was elected President of the Fayette Community Council at a meeting held Saturday afternoon at the court house in Lexington. The honor conferred upon Mrs. Tipton will be very pleasing to her many friends here.

WILL GO TO LEXINGTON

Mr. and Mrs. W. Caldwell Clay and children have taken an apartment in Lexington and will take possession June 1st. They go to Lexington to be near Mr. Clay's father, J. Will Clay, who is under treatment at St. Joseph's Hospital.

FOR WOMEN

Hosiery Hose, \$3.00 qualities this week cut to \$2.35.—THE WALSH CO.

3,000 Growers are Added to Burley Pool

Three thousand members, it was estimated at the offices of the Burley Tobacco Growers' Co-operative Association Saturday night, had been enrolled in the association as a result of meetings held in the sixty-nine counties of Kentucky, Ohio and Indiana, which are represented in the organization, in connection with the payment to members in those counties of an amount of money approximating \$10,000,000, the second payment to be made to members of the organization, the first having been of an equal amount.

Reports from many counties showed large numbers of growers, who remained out of the association last fall, had joined the first day of the drive for new members, which began with the delivery of the checks to members. Thousands of non-members attended these meetings by invitation of the association workers, and it is figured that between 9,000,000 and 12,000,000 pounds more tobacco was added to the amount that will be marketed co-operatively by the association this winter.

In most of the counties there were speakers for the association, all of whom impressed upon members of the association that the outsider had an undoubted right to stay out and that abuse would not bring the outsider in.

The drive started Saturday will continue this week and workers for the association in all the counties will make an endeavor to line up ever youtside grower with the more than 60,000 who are now members. The figures as to the sign-up Saturday may be increased by fuller reports, it was said at the offices of the association, but based on the reports received, it was said, these figures form a conservative estimate of the additions to the association.

Fresh vegetables of all kinds at Vanard's.

NEGRO DROWNS

Wesley Holly, well known colored citizen of this city, was drowned Saturday, while fishing in Somerset creek. Holly was a victim of heart trouble and it is thought that he suffered an attack of this kind and fell into the water. The body was recovered and brought to his home here. Funeral services were held Monday afternoon. He leaves a wife and several sisters and brothers.

FOR SALE

A refrigerator, good as new. A bargain if sold at once.—O. V. Jones.

SERIOUSLY HURT

On Saturday evening Mrs. G. W. Palmetter and two grand daughters, Ruth Hall and Leona Kirk were returning to their home near Grassy Lick in a buggy and from some unknown cause the horse they were driving became frightened and ran away, upsetting the buggy throwing out the above named parties and literally destroyed the buggy. Mrs. Palmetter sustained three broken ribs and a shoulder blade. Leona Kirk had a thigh bone fractured and Ruth Hall escaped with only a bruised shoulder. Mrs. Palmetter and Leona Kirk are at the Mary Chiles Hospital and are doing as well as could be expected.

Beef, pork, lamb and veal at Vanard's.

DEAL CLOSED FOR MT. STERLING WAREHOUSES

Last December, as given out at that time, the Farmers Tobacco Warehouse and also the Whitehall were negotiated for by the Burley Sales Corporation Co. at the price of \$90,000 for the former and \$50,000 for the latter, and the formal transfer of these properties was made during the past week when a representative of the Burley Cooperative Association was here to examine the property. They placed a value of \$100,000 on the Farmers property and \$50,000 on the Whitehall, or \$150,000 for the two, \$10,000 more than the price at which they were sold last December and stated, had these two pieces of property been in Lexington their value would be \$250,000 or \$100,000 more than they brought, here.

While here and before the second payment was made, they inspected the company's holdings and were well pleased with the various crops in the companies warehouses.

FOR SALE—Ford sedan, 1921 model, used a short time.—Phone 392. (62-21)

MT. STERLING MAN ARRESTED IN NEBRASKA

Following a pursuit by government agents lasting more than a year, post office authorities Monday captured Fred Leo Miller, alias William Holt, of this city, who was indicted by the grand jury at Louisville for the robbery of the post office at Cave City, in February of last year.

According to reports received at the federal building in Louisville, Miller was arrested at Grand Island, Nebraska.

FOR WOMEN

Hosiery Hose, \$3.00 qualities this week cut to \$2.35.—THE WALSH CO.

LAND & PRIEST, Druggists

Mt. Sterling at Last On Winning Stride

Yes, we have really started and from now on we're going to be hard to head. On Thursday our boys journeyed to Lexington and took the hard-hitting Studebaker's into camp to the tune of 8 to 1 before one of the smallest crowds of the season. "Lefty" Townsend was in the box for the locals and certainly kept the Fayette county representatives in the Blue Grass League, guessing.

Then, just to put a good taste in the mouths of local fans, our boys trimmed the Paris Mammoth's Sunday afternoon on the local lot before a crowd estimated at 1200, by the score of 11 to 1. Townsend was again on the rubber for Mt. Sterling and certainly kept the Bourbon county boys at his mercy throughout the entire game and would have been credited with a shutout but for an error.

Minor, the Mammoth's ace, was in the box for Paris, but his slants proved just to the liking of our boys who slammed out 17 hits during the fray. The Mt. Sterling lineup, judging from its appearance Sunday, is one of the strongest in the circuit, and when our boys go to Maysville Thursday the long string of victories piled up by the Mason county slugger is expected to be broken. The fans simply went crazy over the way our boys "ate 'em up" and were loud in their praise of the team. The features of the game was a running catch by Blake, the pitching of Townsend, the fielding of Barks and Keyser and the hitting of Blake, Barks and Keyser.

There will be no game here Sunday as the locals are scheduled to play at Cynthiana.

By winning Sunday's game the locals climbed out of the cellar position and are now ahead of Winchester by one-half a game.

A large crowd of Paris enthusiasts was here Sunday but when they departed after the game they left most of their enthusiasm behind them.

The question of playing four

BEAUTIFUL SERVICE

St. Patrick's Church was the scene of a very beautiful ceremony Sunday morning at 8 o'clock when the younger children of the congregation received their first Holy Communion. The church was prettily decorated and the choir rendered music suitable for the occasion. The children formed a procession at the rectory and marched into the church, carrying a beautiful banner and garlands of flowers.

The services which followed were the most impressive ever witnessed in this place on such an occasion. Much credit is due Rev. E. J. Corby whose untiring efforts made the day one to be long remembered by the children, and the large crowd present. His sermon was delivered in his usual able and masterful manner.

SERIOUSLY ILL

Elmer Cravens has returned from Johnson City, Tenn., and is at the home of Mrs. Joe Maxley on Harrison Avenue. His condition is serious.

VETERAN DIES AT LITTLE ROCK

Frank Allen McQuilty aged 79 years died on the 19th at his home on the Little Rock pike from heart failure. He was a soldier in the Union Army, in the 14th Kentucky Regiment, and just 18 years old when he joined.

Services at the grave at Peeled Oak, conducted by Rev. B. W. Trimble. Deceased was an excellent citizen and words are insufficient to add none. He is survived by six children Thomas, of Morefield, Mrs. Mattie Ishmael, of Judy, Mrs. Henry and Mrs. Odie Orme, of Flat Creek, Miss Annie McQuilty, East Union, and John McQuilty, of Marion, Ind.

MT. STERLING HIGH DEFEATS OWINGSVILLE

The Owingsville High School baseball team went down in defeat in the game played at Owingsville with Mt. Sterling High Friday, the score being 15 to 4 in favor of the latter. The Mt. Sterling boys were in fine shape and played a splendid game. It was seen from the first that the Bath county boys were at their mercy. Owingsville business houses closed during the afternoon and headed by a brass band everybody in town attended the game. A large number of Mt. Sterling people were on hand to root for the home team.

FLAT FOR RENT—With all conveniences. Phone 237.—Mrs. J. F. Heinrich. (61-1f)

games a week will be decided at a meeting at Paris Thursday.

Other Sunday Games

Maysville kept up her winning streak by defeating Lexington 9 to 5, making her eighth straight win.

Cynthiana took Winchester into camp to the tune of 5 to 3, thereby placing the Clark county outfit in the cellar position.

A sweeping verdict for QUALITY

THE COAL BARONS SIT TIGHT

The complacency of the coal operators in the light of the coal strikes, bodes ill for the public next winter. Were the operators suffering they'd squeal so loud that their cries would be heard from coast to coast. Their silence indicates simply that they have the situation in hand—financially. In brief, it will be found there is already mined and awaiting higher prices, a supply of coal perhaps sufficient to take care of winter need with a short market and high cost to the public, but the black diamonds will be carefully concealed until the proper times comes. In the meantime, the miners are to be taught a lesson.

Every indication is that the winter will see the delivery of a poor quality of coal in all towns and villages with increased coal bills for the people. This whole difficulty comes as a result of the unscientific manner in which labor is distributed. Ex-

cess of employment hours and pay, and then no labor at all works poorly for both worker and public. Human nature is a factor that must be counted upon. When a workman gets fifty dollars a week for ten weeks and then nothing for ten weeks, he never is as well off as when he gets twenty-five dollars for twenty weeks. His standard of living is automatically raised during the period of unusual prosperity and in the period of depression it is doubly hard for him to get "back to normalcy," when, as a fact, he finds he must get back almost to starvation. Government investigation, of course, are usually more or less farcical, costly to the people and no-representative, but it would be highly beneficial if the government could work out some specific plan and back it up by commandatory legislation that would bring about a steadier labor condition. In many cases the unions have the country by the throat and they do not seem averse to squeezing the public windpipe. At the same time the world's happenings point with a warning finger to the folly of oppressive warfare on the men who do the manual labor of the hour. Certainly the man willing to work should be reasonably assured of steady labor.

OSLER PUT IN THE DISCARD

President Harding has set sixty as the age limit for the appointment of men to the federal bench. This is the noted Osler repudiated, cast aside, and generally jumped upon. Of course, an exception must be made now and then, as in the case of Mr. Taft, who was sixty-three when he dropped into the chair that had been warmed so carefully and dreamed of as the future fireside resting place of Charles E. Hughes when suddenly that gentleman was induced to take a spin at the wheel in the presidential Monte Carlo and "lost everything." Surely life is full of complexities even for the most astute mentalities. What is behind this new age limiting? Is some aspirant for great honors arising who must be turned down and the way found to pass the buck? Gladstone learned Greek at 50, and we have men of equal ability and of equal virility in this country. In the municipalities of course it is agreed that policemen are chosen for their size rather than for their sense, but there is something of danger if federal judges are to be measured by their birth certificates rather than by their judicial temperament and reputation for integrity. Fixed rules are dangerous. Ask Charles W. Morse.

MRS. J. A. RUSSELL

HOW'S YOUR STOMACH?

Any Weakness or Distress?

Copperhill, Tenn.—"I suffered for 8 years from stomach trouble, and truthfully can say that Dr. Pierce's Golden Medical Discovery did more for me than all the doctors I ever tried. One of my neighbors said, 'Why don't you try Dr. Pierce's Golden Medical Discovery?' I sent and got a bottle and I can hardly tell how much that one bottle did for me, and when I had taken three bottles I was able to do my washing. I couldn't do all my housework before I began taking the medicine, and now I can do anything I want to and feel good. I praise Dr. Pierce's Golden Medical Discovery to everybody."—Mrs. J. A. Russell.

Go at once to your neighborhood drug store and get the "Golden Medical Discovery" in tablets or liquid. Write Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for free medical advice.

Buy Ice Books and Save Money

Small consumers will save \$3.20 per ton, while the larger consumers will save \$1.30 per ton.

PROPOSED COUPON PRICES

Size Block	Series	No. Coupons	Size Coupons	Chg. Price Per Book	Cash Price Per Book	Rate
300 lb.	A	24	12 lb.	\$ 1.90	\$ 1.80	60c
600 lb.	B	24	25 lb.	3.70	3.50	58c
1500 lb.	C	30	50 lb.	8.70	8.25	55c

For Ten Dollars and Ninety Cents—This 30 x 3½ Usco

THE 30 x 3½ tire situation today is just this—

The man who buys an USCO at \$10.90 is justified in believing that his money is going farther in tire value than it ever has gone or could go before.

Naturally he appreciates the quality of USCO. That was established long ago.

It is still fresh in his mind that USCO led the national market into the \$10.90 price range.

The makers of U. S. Tires always intended the 30 x 3½ USCO to be the highest value in its field.

At \$10.90 it creates a new classification of money's worth.

THE COUNTRY MOVING FORWARD TO PROSPERITY

More than one hundred million of the most virile, active, optimistic, aggressive, upbuilding people of the world, having about one-half of the world's producing power, with more than one-half of the world's coal and many other things in proportion have grown weary of pessimism and stagnation and are now bending their activities to constructive work.

They know that our financial policies have been changed, they know that a protective tariff will be passed, they know that we must spend billions—many of them—on railroads and highways and buildings and they know that good securities are eagerly grabbed up, showing an enormous security buying power in the country.

They have seen the advance in the stock market, following an advance in farm products and now they see a marked betterment in iron and steel and other products. They see hundreds of millions, even billions, pouring into construction work such as highways, streets, office buildings, hotel, schools, churches and dwellings, and they know this spells prosperity for sure.

Even a coal strike does not dampen their ardor. They are getting to work; the pessimists are getting lonely, the optimists are in evidence.

The people are living and doing business and preparing to do more.

The live towns are moving forward determined to be leaders of the country's advance.

The men of vision are grasping the opportunity to recover two years of lost ground. Then men without vision are hanging back and may never catch up unless they move quickly now.

Are you an optimist or a pessimist? If you lost heavily no mourning will bring back your money, but energy and hustle and vim and optimism will enable you to make more. Act now in the living present. Don't delay, waiting for a more convenient season.—Manufacturers Record.

J. A. White, a well-known Kentucky farmer, said he could beat his hands shucking corn after taking Tansac.—Land & Priest.

Something to worry about: In the Sudan it costs eight spearheads to buy a wife. In this country a single bonehead after securing a fine wife.

INCOME TAX AUDITORS NEEDED

The United States Civil Service Commission states that although a number of examinations have been held, there is still need for eligibles to fill positions of auditor and inspector under the Income Tax Unit of the Bureau of Internal Revenue, for duty in Washington, D. C., and in the field.

Another examination for these positions will be held on June 14 throughout the United States. Entrance and salaries range from \$1,500 to \$3,000 a year.

Besides qualifying in accounting experience and practical tests, applicants must pass an oral examination

to determine their personal fitness for the work.

Full information and application blanks may be obtained by communicating with the United States Civil Service Commission, Washington, D. C., or with the secretary of the Civil Service Board at the postoffice or court house in any city.

ANNOUNCEMENTS

We are authorized to announce
H. C. DUFFY

of Harrison county, as a candidate for Representative in Congress, from the Ninth Kentucky District, subject to the action of the Democratic party.

We are authorized to announce
W. J. FIELDS

as a candidate for Congress, subject to the action of the Democratic party in the primary election to be held on Saturday, August 5, 1922.

LAW ENFORCEMENT

The morale of the people may be measured by our courts. A jury that regards duty has much to do in creating a moral sentiment. The court may give the law but if the jury acts as a matter of mere sentiment and in fact, his hands are tied, he is helpless. The grand jury has a sacred duty to perform. It understands the charge and now duty is up to each member. How it will be performed can be answered when dismissed by the court or when the time limit expires. There is a woman on this grand jury. She is a leader among prohibitionists and the public is eagerly looking on.

Likewise the petit jury will have the assistance of women in the enforcement of laws. We believe in the women and what they do can never be far wrong. The Montgomery circuit court will have another page in history. It is the woman's lead. How will it read? Men should be men, jurors are sworn and God is their witness. Shall law and order prevail—we shall see!

THE TRUE REPUBLICAN

TARIFF POLICY

"We, as a loyal and earnest Republican, glancing nervously across the Indiana line again, favor postponing the enactment of the tariff law until just after election, with the gentlemen's agreement that the tariff industries to be protected pay our campaign manager in advance."
—Ohio State Journal (Rep.)

A CARD FROM HOT SPRINGS

Rev. J. W. Cramer writes to the Advocate the following card which we ask our readers to read and to govern their actions according to the announcements contained therein: "Please announce my return for May 25th, and preaching at 11 a. m. and 7:30 p. m. Am delighted with my work to the General Conference and this wonderful place. Am increasingly indebted to my benefactors. Respectfully J. W. Cramer."

The card is of date of the 18th and from Hot Springs, Ark., where the General Conference of the Methodist church has been in session for several days. The results of labors in various departments of the Methodist church will appear in coming issue of the Advocate, from the front pen of Rev. Cramer.

FOR RENT—Desirable small home.
—N. H. Trimble. (62-24)

SELLS BUSINESS

Ernie Busby has sold his ice box and soft drink stand, Bank and Locust streets, to J. H. Kimbrell. Mr. Kimbrell will give personal attention to the business, hoping that he may be able to make a comfortable living out of it. Mr. Busby goes to Sharpburg where he will engage in business.

HON PACKING CO.

AUTHORIZED TO SELL STOCK
John E. Evans, Assistant Bank Commissioner of Frankfort, Ky., was here the last of the week looking after the interests of the Hon Packing Co., which has been authorized to sell \$20,000 worth of stock in the corporation. Work is being prosecuted now and we are informed all shares at the rate they are going will soon be in, and the company will then organize and begin the work of completing the plant, already far advanced. This enterprise as we have said before, will be worth much, not only to the stockholders but to the entire Bluegrass and Eastern Kentucky sections as well.

Extra quality women's Holeproof Hose, \$1.00 qualifies cut this week to 75c.—THE WALSH CO.

BUILDING NEW HOME

A Limited Number of Shares in this Enterprise is Available.

THE PRESIDENT ON

SELLING ABROAD

Addressing the United States Chamber of Commerce President Harding, touching upon the tariff question, said that he realized the importance of American trade throughout the world and that "America could not sell abroad unless she purchased abroad." This reads like an editorial in a sound Democratic journal. It is unfortunate for the country that his Republican partisans in congress do not also realize this economic fact. If the tariff wall of exclusion deprives the farmer of a market for his wheat or hemp or tobacco to the extent even of 10 per cent of his crop, or if the price he receives is depressed 10 per cent because we will not buy the products of foreign peoples, and they can not therefore take our products, how are our producers to benefit from a tariff such as the Republicans are preparing to foist upon them?

If the President does truly realize the importance of selling our surplus abroad and buying abroad "that which we do not produce," he should begin working with his party in congress to prevent the Republican majority from doing the one thing which will make it impossible for us to do either the one or the other. His refusal to take the leadership of his party in the matter of legislation is largely responsible for the dissatisfaction that is manifesting itself in the press and in the senatorial primaries. His party is not producing the results it promises in the presidential campaign, and this is to a considerable extent due to the lack of leadership in congress. It is of course due in part to the absurd seniority rule by which incompetent men are advanced to chairmanships which they lack the ability to fill. The chairmen of the senate and house committees which have charge of the tariff legislation are rare examples of the disastrous effects of this practice. Neither appears to know anything about the underlying principles of tariff-making, of economics, or of the laws of commerce. No doubt the Republicans have many able men in congress, men of brains, education and studious application, but unfortunately for the country none of these seem to have any part in the making of the present tariff bill.—Lexington Herald.

FOR WOMEN

Special Sale of Holeproof Hose. This week \$2.50 qualifies cut to \$1.75—THE WALSH CO.

Just received a new lot of Ladies and Misses Black Patent Leather and White Canvas Pumps, flat and Cuban heels.—R. E. PUNCH CO.

Mrs. Walter Hancock and children Walter, Elizabeth and Jean from Daytona Beach, Fla., are here to spend the summer with Mrs. Hancock's parents, Mr. and Mrs. J. D. Turley.

Mrs. John Biannock and children, of Falmouth, and Mrs. Claude Car-

ter and children of Frankfort, are guests of Mr. and Mrs. F. D. Richardson.

Mr. Gus Welsh and Miss Anna Mac Buchannan motored up from Lexington yesterday and were accompanied home by Mrs. Sallie Welsh and Mrs. Billy King.

Mrs. Hunt to Entertain
Mrs. William T. Hunt has issued invitations to a bridge party on Wednesday and one on Thursday afternoon when she will entertain a large number of friends at her home on West Main Street.

Dance
The subscription dance given last night at Prewitt & Botts' hall, was attended by a large crowd from this and surrounding towns. Splendid music was furnished by Earl Fuller and his excellent orchestra who also played at the Tabb last night.

Surprise Party
A surprise birthday party was given to Mr. Claude Shroat at his home on the Camargo pike Saturday evening. The house was beautifully decorated in flowers and ferns. Those invited were Misses Nettie Thomas, Lydie Jane Maxey, Ethel Myers, Virgaleen Snedegar and Messrs. Frank Leisure, Everett Young, Lyle Tackett, Ben Thomas, Bobbie Duff and Ovia Wells, of Owingsville; Misses Rose Scott, Bessie and Elsie Osborne, Emma Edith Richardson, Bessie May, Lela May Treadway, Mary Belle Campbell, Mable McCormick, Pearl and Mae Chapple and Misses Harry Patrick, John Lansdale, Boh Treadway, S. M. Nickell, Emmitt Granville, Clay Wells, Dallis Buchanan, Clarence Hedrick, Seth Sewell, Virgil Barnett, and Leonard May, of Mt. Sterling. Delicious refreshments were served at 10:30 o'clock.

Miss Perry Entertains
Miss Ruth Perry, charming young daughter of Mr. and Mrs. J. T. Perry,

was hostess at a rook and dancing party Thursday night, entertaining at her home in honor of the members of the senior class. Late in the evening delightful refreshments of ices, cake and home-made candy were served. Assisting Miss Perry were her mother, Mrs. J. T. Perry, Mrs. J. E. Prewitt and Mrs. Houston Beall. Her guests were Misses Dorothy Perry, Hazel Sullivan, Alma Cockrell, Kathryn Vanarsdell, Louise Orear, Anne Kenney Prewitt, Louise Smathers, Margaret Guthrie, La Verne Stokely, Frances Faulkner, Lillian Craff, Alice Humphreys, Mary Humphreys, Shirley Tout, Myrtle Richardson, Elsa Osbourne and Tom Coons, Floyd Stamper, Tom Rooney, Duerson Prewitt, W. R. Thompson, Jr., Clayton Smoot, Cecil Davis, Francis Drennon, Leonard Payne, Raymond Cord, O. E. Huddle, Russell Perry, Tom Hoffman, Horton Duff and Ray Smith.

Rook Party
Miss Ruth D. Turley beautifully entertained a large number of her young friends at "Rook" Saturday afternoon at her home on West High street. The rooms were decorated with spring flowers and presented a charming appearance. After the games the card tables were spread and delightful refreshments of cream and cake were served. The young hostess was assisted by her mother, Mrs. Albert Turley, and her guest-list included: Misses Agnes Stofor, Elizabeth Anne Reynolds, Ada McKee, Mary Frances Schafer, Rose Punch, Dorothy Bishop, Sue Barnes, Anna Katherine Turley, Virginia Barnes, Florence Wilkerson, Tenny Blevins, Virginia Darsie, Eugene May, Bessie Mae Bush, Edna Dee Owings, Virginia Ayres, Elizabeth Strossman, Mary Lucille Hamilton, Gladys Tabor, Frances Scohee, Elise Derrickson, Roberta Dale, Susan Gatewood, Catherine Redmond, Tilla Cox, Henrietta Howell, Martha Moss, Martha Lee Montjoy, of Dayton, O., Judith Johnson and Ruby Lee Dale.

TWO OPINIONS OF WILSON

By Joseph W. Fordney (Rep., Mich.), multi-millionaire Chairman of the Ways and Means Committee of the House: "In 1920 I made this statement that the then President (Mr. Wilson) was going to change his boarding house on the fourth day of March, and he did. I said we would say to him what I have heard sung at the close of the school I attended down in the backwoods:

"Good-bye scholars, good-bye school, Goodbye teacher, you darned old fool."

By the General Conference of the Methodist Episcopal Church South: "Resolved, That this General Conference instructs its secretary to convey our greetings to the Honorable Woodrow Wilson, the apostle of modern democracy and world peace;

that we assure him that we stand for the great principles of international equity and good will which he has so clearly enunciated. We pray God's blessing upon him and pledge ourselves to the promotion of the great truths he has so ably set forth."

The Conference also congratulated President Harding and Secretary Hughes upon the work done at the armament conference.

RELIGIOUS

Rev. W. Hedges Thompson will begin a protracted meeting at Lower Spencer Friday night, May 26th. The public is invited to attend.

Now potatoes, peas, beets and beans at Vanarsdell's.

HORTON'S SHOW GROUNDS

MEASLES CAN BE WIPED OUT
Dr. Royal S. Copeland, the com-
missioner of health of the city of
New York, told the members of the
New York Press Club last week that
measles could be wiped out of the
United States in forty-eight hours.
If every case were isolated for two
days, said the commissioner, that
would be the end of the disease.
Surely a statement of such import-
ance shows more clearly than ever
how important it is for congress to

make a proper appropriation, so that
the national health authorities may
dominate space in the newspapers
to talk to the people on matters of
health and sanitation. There is
danger in Iowa when a case of bu-
bolic plague breaks out in western
Asia. The interesting fact is that
the danger can be eliminated if the
one-track mind congressmen will
arouse themselves.

THE WHEELS OF INDUSTRY ARE MOVING

Railroads are ordering material to
a greater extent than for a good
many years. Building contractors
are finding an increasing and almost
an incessant demand for their work.
Building materials are tending to
higher prices and to an increasing
scarcity of supply. The demand for
lumber grows apace and the trend
of prices is upward. In some sections
the supply of skilled labor is scarce-
ly equal to the demand, though there
is still a large amount of unskilled
labor out of employment.

Highway improvement is proceed-
ing at a rate which must soon tax the
facilities of highway contractors and
the people who supply road-building
material. With the certainty that
the country has entered upon an era
of highway building of which as yet
we have seen only the beginning,
there is a vast volume of business
ahead for the highway workers.

The demand for pig iron, long dor-
mant to such an extent that the in-
dustry seemed almost dead, is in-
creasing, and the advance in steel
and pig iron has not lessened the de-
mand for these materials. Indeed,
people always buy on a rising mar-
ket and cease to buy on a declining
market. No sooner had the country
come to a full realization of the fact
announced months ago by the Man-
ufacturers Record that the entire fi-
nancial policy of the country had
been reversed, and that President
Harding's boast that lowering dis-
count rates and thus stimulating the
credit facilities of the country was
one of the most important actions of
his administration, than the far-see-
ing people of the country began to
get ready for business.

With every decrease in interest
rates there has come an advance in
the price of government bonds and in
the general security markets, fulfill-
ing in that respect every statement
which the Manufacturers Record has
made during the past two years. The
demand for new securities has been
so tremendous as to astonish the
country and show the enormous buy-
ing power of the American people.

Co-incidental with the lowering of
discount rates and the advance in
the stock and bond market has come
a betterment in farm conditions with
higher prices for agricultural prod-
ucts. The War Finance Corporation
has continued its active operation of
lending money to assist farmers and
livestock raisers, and in many cases
the very fact that this corporation
was prepared to advance money for
these purposes has caused local
banks to loosen up their credits, and
thus the money actually loaned by
the War Finance Corporation has
been only one of the benefits derived
from its operations.

Business is not yet by any means
at full tide, but it is moving forward
rapidly and when it reaches full tide
every transportation facility in the

country will be heavily overtaxed
with a larger volume of freight than
can be handled, and the manufactur-
ing interests and the construction
work of the country will likewise be
fully taxed.

All of this condition can be hasten-
ed by a lowering of freight rates,
which would stimulate the volume of
traffic exactly as the lowering of dis-
count rates stimulated the revival of
confidence and building operations.
High discount rates and high freight
rates have been a burden on busi-
ness.

The tide has turned. The surge is
on. But if we would reap a full mea-
sure of prosperity we must hasten
the passage of a tariff bill; hasten
the plans for better financing of the
agricultural interests on a safer and
broader foundation than agriculture
has ever had before; hasten the low-
ering of freight and passenger rates.
And when these things have been ac-
complished we shall go forward with
a stride of seven league boots to a
prosperity which will furnish profit-
able employment for the day laborer
and the mechanic, for the capital of
the country and for profitable pro-
duction in agriculture, in manufac-
tures and in mineral operations.

Glory be, a change has come, and
the wheels are moving!—Manufactur-
ers Record, May 11.

The safest and surest way back to
health, strength and happiness is by
the Tanlac route.—Land & Priest.

HOMEY PHILOSOPHY FOR 1922

A few weeks ago twelve o'clock
was twelve o'clock. Now twelve
o'clock is eleven o'clock. Everybody
says so, and that makes it so. A
dollar bill is a dollar bill because
everybody says so, and it's changed
into ninety cents as soon as every-
body says so. It can be changed in-
to two dollars if everybody says so.
"Everybody's" the doctor that can
cure all the ills of the world if
everybody'll tackle the job. Every-
body can be happy if everybody says
so—and prosperity? Why, it is up
to everybody just like everything.
Ain't it funny how so many people
want to join the nobody ranks in
stead of the everybody ranks?

Man comes into the world with
nothing on him, but let him run for
office and he will find many different
situations.

Crystal Ice Co.

Furnishes Ice made from earth-filtered, distilled water. The word
crystal describes the ice frozen from water so clear and pure that with
the naked eye you can see through three cakes deep. Ice frozen this
way will keep at least twice as long as the white ice; is also more than
twice as cold and, of course, will keep articles that much longer and
better than it is possible for the white ice to preserve. This is a fact
by which our people can see that they get the best and purest ice for
less money than they pay for what is termed white ice.

PERPETUAL YOUTH

AT LAST—MAYBE!

And now the great city of Paris
sends us word that everyone may live
to be 150 years old. The encouraging
information was imparted to the
French geographical society by Drs.
Javorski and Vachet, noted French
scientists.

These gentlemen explain that their
system consists of muscular injection
of new cells for old ones. Presumably
if the worn out cells are caught in
time—that is, before the tissues are
broken down—we have the secret of
perpetual youth, in appearance, at
least. Wonderful! In these days of
the wireless telephone it is danger-
ous to laugh at anything, yet there
is a pretty fancy in the possibility
of a mail order service to permit the
withering unfortunates in remote sec-
tions to "buy our guaranteed life
cells," with patent injector, at so
much per throw. "\$100 for one more
year of life."

Paris has sent to us some wonder-
ful medical fakirs in the past—men

and women who have posed as the
cure-alls of everything from tuber-
culosis to the p.p. It might be well
to follow Sigsbee's advice and "sus-
pend judgment" on this latest Hans
Anderson news report.

No man is stronger than his stom-
ach. Tanlac will make your stomach
strong.—Land & Priest.

Put all of your chickens in one
coop and watch that coop.

American Legion News

National headquarters of the American Legion has suggested to posts of the organization that they commemorate in their Memorial Day exercises the first anniversary of the death of former Commander F. W. Galbraith, Jr. Mr. Galbraith was killed in Indianapolis June 9, 1921, in an automobile accident. It is suggested that flags be flown at half mast, that a picture of Galbraith, draped with crepe, be hung in post clubrooms or that a wreath be placed on clubroom doors. "Galbraith died in active service," the legion announcement reads. "He was cut off in the midst of literally untiring efforts for the nation and the legion. On his headstone may well be inscribed the words, 'Mort pour la patrie.'"

H. Nelson Jackson, Burlington, Vt., the first man to cross the United States in an automobile, sailed for London, England, on May 20 to represent the American Legion at the annual meeting of the British Legion, made up of world war service men of the British Isles. Mr. Jackson is one of the American Legion's national vice commanders.

The greetings which Mr. Jackson will present the British Legion in behalf of National Commander MacNider of the American Legion declare that: "No generation of our nations have been so closely bound together. Through the coming years it must be our mutual duty to so strengthen and cement these ties that from this great understanding may come peace to all the world."

On Memorial Day the old wooden war memorials that glittered with painted carving in 1919 are to be burned in accordance with military regulations by various posts of the American Legion, according to reports received at legion national headquarters.

These memorials were built in the early days of the armistice, and bore on wooden panels the names of the local dead of the service. Of late they have fallen into decay, having been erected merely as temporary memorials. The legionnaires, remembering army regulations which provide that old American flags, too shabby for display, are burned, so that the torn pieces may never be scattered or soiled, intend to apply the principle to the destruction of the old "honor rolls" to prevent their abuse by souvenir hunters.

An American Legion pilgrimage to France, Belgium and England is planned for this summer, and the steamer President Roosevelt, with a legion skipper and an all-legion crew, has been tentatively engaged for the trip. It is planned to start the trip from New York on July 25, with the party returning to the United States on September 3. Only members of the legion will make up the passenger list of 225.

"Are you sure you have shown me all the principal parts of the car?" asked the fair prospective purchaser. "Yes, madam, all the main ones," replied the dealer.

"Well, then, where is the depreciation?" Tom told me that was one of the biggest things about a car."—American Legion Weekly.

To build their clubhouse over an oil well was the unique and valuable experience of American Legion men

In Waynesboro, Tenn. Oil was noticed in a mud puddle in the legion's back yard. Drilling began at once and oil was struck at 200 feet. The legionnaires plan to erect a fine community club from royalties.

The National Catholic Welfare Council has notified the American Legion that it will make Memorial Day this year an occasion for helping ex-soldiers get their just claims from the government. It is planned to direct public attention to needs of the veterans.

"At last I've located one of those old-fashioned five-cent cigars."

"Where did you find it?"
"Hidden behind a two-bit label."—American Legion Weekly.

A prim young miss was much horrified on the street to find a small boy, apparently not over six years old, smoking a cigarette.

"Little boy," she commanded, "thrown down that horrid thing this minute."

"Go chase yourself, lady," answered the infant disdainfully. "Hunt yer own. I found dis one meself."—American Legion Weekly.

A colored revival was in full blast and one old fellow was exhorting the people to contribute generously. "Look what de Lawd's done for you all, breddren!" he shouted. "Give Him a portion of all you has. Give Him a tenth. A tenth belong to de Lawd!"

"Amen!" yelled a perspiring member of the congregation, overcome by emotion. "Glory to de Lawd! Give Him mo. Give Him a twentieth!"

ANOTHER MT. STERLING CASE

It Proves That There's a Way Out for Many Suffering Mt. Sterling Folks

Just another report of a case in Mt. Sterling. Another typical case. Kidney ailments relieved in Mt. Sterling with Doan's Kidney Pills.

W. H. Hall, 34 N. Queen St., Mt. Sterling, says: "Last fall I was feeling all in and my kidneys showed they were out of order. My kidneys hurt and backache almost put me past going. I was so dizzy at times I couldn't stoop or straighten up. My head ached terribly. I had no ambition to do anything in the way of work. Seeing Doan's Kidney Pills advertised led me to go to White & Co.'s Drug Store and get two boxes. After using them, the trouble left me entirely."

60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

HOMEY PHILOSOPHY FOR 1922

All the radicals, kickers, general objectionists and faultfinders shriek out loud when somebody says work is the foundation of happiness and contentment. Just a scheme of the rich to keep the poor at the grind they say. Maybe. But why not fool 'em? Work ain't work when a fellow's doing what he likes to do, and everybody likes to be a leader in his line, so if we can't do what we want to do, what we have to do better than the other fellow and lead the procession.

Wild oats must be gathered while the sun shines—wisdom can wait.

Produce Review

Every day is "swat the rooster" day on the farm now, causing a free marketing of old roosters. This will probably continue for a period of from two to four weeks. The marketing of old hens is also increasing, due to the fact that in most sections the fresh egg production is over.

There is a good demand for all dressed poultry, which should keep the market on a firm basis for some time.

Production of butterfat is now increasing rapidly, and as a result there has been a freer movement of creamery butter to the large markets, causing prices to react to a lower basis. The production should show a further increase weekly for some time, and this should have a tendency to cause somewhat lower price levels.

The warm weather in egg producing sections in the past few days has caused a better demand for more eggs from northerly sections and less inquiry for the eggs from the southern states. It is estimated the reserve stocks in storage at present are somewhat heavier than a year ago, and with the general quality now showing the effects of warmer weather, the tendency of the market may be lower.

It is important that producers gather eggs daily, keep them in a cool place, and market them frequently.

THE FARM BOY

There is a saying that the cities are run by the sons of farmers and we believe it is largely true. We are also of the opinion that farm life is the greatest training school a man can attend. To a youngster who has handled a plow, milked cows, made hay, threshed wheat and broken ice in order to get a panful of water, the average city job is nothing more than play.

The boy reared on the farm or in towns like Russellville bucks up against nature and his problem is one of conquering natural forces. The city man bucks up against other human beings, and the prizes go mostly to those who are able to organize men to a common purpose. You can fool people, but you can't fool nature. Yes, and the country boy learns early the habit of work, and the habit remains with him after he has adopted city life. We remember reading once these words: "Any city job seems easy, after you have worked on a farm."

It has been said that every honest man in a city has at some time had a level, a square or a plumb-bob in his tool kit. There's something to it, too, for a man who is in the habit of making things square, plumb and level usually thinks straight. There ought to be some manual training in every city boy's education. That's the best way to teach him the need of accuracy. And it would also be a fine thing if every city boy, and every town boy, too, could spend at least a year on a farm. We believe he could easily sacrifice a year in school for this experience.—Russellville News-Democrat.

Something to worry about: Borneo is out midway by the equator.

Why She Changed:

"I have always used the cheaper baking powders, supposing them just as good as Royal but I invested in a can of Royal Baking Powder and now find all my baking so much improved that I will use no other kind."

SOUR STOMACH INDIGESTION

Thedford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficiency of Thedford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Thedford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Thedford's. E. 63

GARNER REBUKES FORDNEY AS "UNGENTLEMANLY"

Representative Fordney, who referred to Woodrow Wilson on the floor of the House as a "damned old fool" is the same Fordney who recently boasted on the floor that he had "voted to put Woodrow Wilson in a hole," a remark later expunged from the Record as his latest reference ought to be. The dignity, the manners and the common decency of the House could be much improved if Fordney himself were expunged therefrom.

His latest exhibition of vulgarian manners was resented by Representative Garner (Dem., Texas), who among other things said: "That man (Wilson) is ill. He lies stricken at his home yonder. It is ungentlemanly for any one to come here and make these low, mean, nasty flings at the ex-President of the United States."

Best ice teas at Vanardell's.

THREE NEW CIRCULARS OUT FOR JUNIOR FARM WORKERS

Three new circulars for Kentucky farm boys and girls have just come off the press at the College of Agriculture to be distributed to interested youngsters as aids for the junior agricultural club projects which they are conducting. One outlines the dairy heifer calf project and the dairy cow and calf project, another takes up the beef breeding project in detail, while a third deals with the butter making project. Work along each of these lines has proved popular with farm boys and girls in the state, club workers at the college declare. Copies of the circulars may be obtained free by writing the Experiment Station, Lexington.

"THE TROGLDYTE PARTY"

The reactionary Republicans having failed to avail themselves of the suggestion to change the name of their faction of the Republican party to the "Newberry Party," Senator King (Dem., Utah), suggests a still more comprehensive title. In discussing the pending tariff bill, he said:

"I propose that the name of the Republican party be changed. As Senators know, at one time the Democrats were known as the Democratic-Republican Party. The Democrats later dropped the name 'Republican,' and years afterwards it was appropriated by those men who met in Michigan and gathered together the remnants of the Whig and other political organizations. The Republicans under their present leadership are not entitled to the name. They were appropriately dubbed 'stand-patters' and 'reactionaries' in the days of Aldrich and Speaker Reed. The archaic policies then announced have become the present policy of the Republican party. They are the party of reaction. They are seeking isolation, political and in dustrial. Isolation comes decadence.

"Strabo, Herodotus, Pliny, and other classical historians speak of the troglodytes—cavemen, persons who seek exclusion, isolation, and separation from others. This bill declares for a troglodyte policy. We are to become a nation of troglodytes.

"So we can with justice and propriety name the party of Harding and Fordney and McCumber 'the Troglodyte Party.'"

CONTEST PAGE

\$50 For the Missing Word \$50 Can You Find It?

CONDITIONS—In an advertisement on another page a word is missing. To be a winner you are to find this word, mention from which advertisement it is omitted and between what words it should be inserted. A word will be omitted each week and may be omitted from the same advertisement more than once. The contest will continue for thirteen weeks.

The persons finding the greatest number of correct missing words will be given \$25. The second \$10, the third \$5, and ten \$1 prizes will be awarded to the next ten highest.

All answers must be at The Advocate office or in the Mt. Sterling postoffice not later than the following Tuesday at 5 p. m. Address all answers to the Missing Word Editor.

FARM YOUNGSTERS

TO ATTEND MEET

Plans are being made to entertain approximately 350 Kentucky farm boys and girls from at least 60 different counties of the State during the second annual "Junior Week" to be held at the University of Kentucky by the College of Agriculture Junior Club Department from June 19 to 24, inclusive. C. W. Buckler, State club leader, has announced. Many commercial concerns will co-operate in offering scholarships to be used in defraying the expenses of the trip for boys and girls in distant counties, it was added.

Features of the week, which is planned to give the farm youngsters a helpful week at the State's largest educational institution, will be a girls' demonstration team contest and a livestock judging contest for

the boys. Motion picture shows, tours over the University campus and the college farm and lectures by prominent members of the University staff also will be given an important place on the program. Each afternoon will be devoted to supervised games and play, it was announced.

During the week boys will be given instruction in subjects pertaining to gas engines, radio telephoning, nature study, health, livestock and poultry. Instruction for the girls will deal with clothing, millinery, food, health, first aid and home improvement subjects, Mr. Buckler said.

MILK COWS FOR SALE—If you want good milk cows, I have them. Prices reasonable. Always in market for stock hogs and cattle.—T. B. Hill. (62-eot-1f)

The Advocate, twice a week.

EDITORIAL

- Financial Resources -

THE FINANCIAL RESOURCES OF A COMMUNITY ARE THE BAROMETER OF ITS PROSPERITY.

Add to these resources and you quicken its advancement. Detract and you proportionately obstruct its progress.

This should evidence to all of us our individual responsibility toward our home town and its people. These people are your friends and neighbors. YOUR INTERESTS ARE KINDRED. Thus you should take no personal action in any community matter without taking into consideration just how it will affect all those living here.

You can safely bet, folks, that every Dollar you remove from the commercial and industrial life of Mt. Sterling deprives just that much employment and vocation from someone who needs it. And when you remove employment and vocation, you will remove from our midst those individuals who are dependent upon it for the sustenance of their homes and families. THIS IS AN ABSOLUTE IRREFUTABLE FACT.

You may think we have enlarged upon this matter, folks, when we refer to your INDIVIDUAL ACTS as being so highly important to the welfare of Mt. Sterling. To the contrary it should make plain the paths that are opened to all of us in extending the co-operation we owe this wonderful community.

To begin with when you need Merchandise or Service—BUY IT IN MT. STERLING. This simple procedure keeps your money at home, banks it here, pays the obligations of our people and thus finds itself on its way back into the channels of local commerce and trade—and even into your own pocketbook from whence it came.

Stop and think a moment, friends, of the transactions involved in a procedure of this kind. THINK OF THE EMPLOYMENT MADE POSSIBLE in the handling of these Dollars and the business transactions ensuing as a result of keeping them among ourselves.

In contrast, picture in your minds the result of spending or sending these Dollars away from our city. By so doing you have side-tracked in a single action, a substantial portion of our commercial industry and transferred to some distant community assets that are a DISTINCT LOSS TO MT. STERLING AND ITS PEOPLE.

We claim the keeping of our money at home, friends, is the first step in the building of a "real city." And from the standpoint of yourself—should be the easiest. To begin with, MERCHANDISE AND SERVICE IS HERE IN ABUNDANCE. There is not a business man in Mt. Sterling today but who is ready to serve you to your utmost satisfaction both in quantity, quality and price.

BEFORE YOU TURN THIS PAGE we want you to glance through the list appended herewith and realize this is so. And they are only part of the entire number who are ready, not only to serve you, but also our community—Mt. Sterling. Think it over.

MT. STERLING NATIONAL BANK

Keep your money at home by spending it at home—and bank with the bank that banks on you.
